WILSON WILL ACT ON RAILROAD BILL WITHIN THE NEXT 24 HOURS

PALMER AND HINES SAID TO HAVE ADVISED OKEH

UNION LEADERS WAITING AT THE CAPITAL TO SEE WHAT COURSE THE PRESIDENT WILL TAKE

ROADS TO RETURN NOON MONDAY

WASHINGTON, Feb. 27—President Wilson is expected to act on the railroad control bill today or at the least tomorrow. Union leaders who urge the President to veto the bill are awaiting the decision from the White House. The Railroad Administration in preparing to turn the lines over to private ownership at 12:01 a. m. Monday. Preparations have been made to discontinue on Monday all departments of the Railroad Administration except the liquidation division.

Rail Director Hines and Attorney General Palmer have advised the President to sign the bill it was learned today from reliable sources.

Announcement that Wilson has signed the bill will automatically set in motion the machinery of the Inter-State Commerce Commission which will have power to control and regulate under the act.

Railroad union leaders who yesterday presented at the White House a resolution against the measure report this as their final effort to prevent it becoming a law. "We have decided to do nothing more until the President takes final action," said Timothy Shea, a member of the special union committee which conducted the fight against the bill. "The fourteen railroad union executives, however, will remain in Washington for some time," he added. The union executives will wait to learn the decision which will affect two million workers before deciding further action if the President signs it.

Deportation of Reds Continues. But In Less Impressive Manner

WASHINGTON, Feb. 27—The government deportation machinery is working at full speed. Many Reds will be deported as fast as possible it was learned. The possibility of another "Soviet ark" is opposed by Secretary of Labor Wilson because of the notoriety given the Reds and enables them to pose as martyrs. Radicals are now being deported in small groups on regular passenger liners.

Ellis Island, according to advices here, is crowded with Reds from all parts of the country. Because of the large number to be deported the government has put in service a "Red special" train it was stated. The train generally starts from the Pacific coast and gathers radicals all the way to New York.

CLEVELAND, Feb. 27—Ten persons were held for deportation here today following a radical raid during the night in which 26 persons were rounded up.

HOUSE IN DANSEY MYSTERY BURNS

HAMMONTON, N. J., Feb. 27—County detectives today were investigating the peculiar fire which last night destroyed the house on the edge of Folsom swamp formerly occupied by the Coons family. It was in Folsom swamp that the skeleton supposed to be that of Billy Dansey was found last November. The detectives hoped, it was said, to find some connection between the burning of the house which has not been occupied since it was vacated by the Coons family several weeks ago and the supposed kidnapping and murder of the baby. They believe the house may have been burned to destroy evidence which might lead to the solution of the crime.

YOUNG PEOPLE'S FIRST ANNUAL CONFERENCE

Older Boys and Girls of County Discuss Vital Problems of Sabbath School Work

ADVICE BY STATE WORKERS

The first annual county convention of the Older Boys and Girls Conference for Clearfield county which was held in the Presbyterian church on Thursday under the auspices of the both the County and State Sabbath School Associations was a success even beyond the fondest expectations of the local committees in charge of the affair.

Three sessions were held during the day and each was largely attended, while the old campaigners present from other fields marveled at the enthusiastic interest shown by the boys and girls of Clearfield county.

The opening service was conducted by P. G. Orwig of Philadelphia, a field representative of the Pennsylvania Sabbath School Association, while the different and sometimes difficult problems in Sabbath School work were intelligently and earnestly presented during the day by Messrs. Orwig and A. K. Stockebrand, of Philadelphia, also of the Pennsylvania Sabbath School Association and R. A. Waite representing the International Association.

These expert diagnosticians of trouble finders and remedial prescription-providers presented many of the interesting and duty-to-be-encountered problems of Sunday school work in new light to the young people there to learn and the seeds of knowledge so generously and entertainingly scattered about by each of the speakers found lodgment on "good ground" and should and undoubtedly will bring forth abundant "good fruit" for the future.

The afternoon session gave opportunity to the local boys and girls to present their ideas and experiences together with the manner in which they had solved or proposed to solve their individual problems.

"Activities That Develop the Mind" was the subject assigned W. Howard Stewart, representing the boys and Miss Emily Edmiston, the girls.

Bowman A. Brown and Miss Mabel Phillips opened the discussion on "Activities That Develop the Body."

"Activities That Develop the Religious Life" was handled by Clifford A. Shaw and Miss Beatrice Hogarty, while the subject "Activities That Develop the Social Life" was assigned Alfred Hess and Miss Janet Smith.

The young people in every instance developed a grasp or knowledge of the subject handled which elicited much favorable comment from every side. Following the remarks of the assigned speakers Messrs. Orwig and Waite took up each subject in turn and after complimenting the speakers on their breadth of vision displayed, proceeded to enlarge upon each feature as it pertained to successful work in the Sabbath schools.

Then followed general discussion of the different subjects which was fully participated in by the 190 delegates present and at the conclusion of this admirable feature of the session it was the universal opinion of the experienced workers that the problems of the coming years in Clearfield County's Sabbath Schools were in highly capable hands.

The afternoon session closed with a banquet served by the Ladies' Aid of the Presbyterian church. This feature was very aptly styled the BIG TIME on the program, and that's what it was. The good ladies more than lived up to their most excellent reputation as providers and entertainers and ample justice was done their very generous feat. Mr. Orwig presided as Toastmaster and the

LATEST ADRIATIC NOTE ARRIVES AT WHITE HOUSE: NO DETAILS

WASHINGTON, Feb. 27—The reply of the Allies to President Wilson's last note on the Adriatic settlement was received at the State Department today. The Allied reply will not be made public at the State Department but probably will be given out abroad.

WASHINGTON, Feb. 27—The Allied reply to President Wilson's latest note in the controversy on the Adriatic settlement was expected at the State Department today. Many officials here believed he Allies would acquiesce in the President's plan to have Jugo-Slavia and Italy enter negotiations fixing the frontier in the Fiume region on a line acceptable to both nations and failing in this that they would agree to accept the decision of the United States on a common frontier. This proposal was contained in President Wilson's latest note dispatched last Tuesday. The note was given out last night by the state department.

WASHINGTON, Feb. 27—The "government of the United States stands pat."

This was the official construction placed last night on the correspondence between the United States and the governments of Great Britain and France, with relation to the Adriatic settlement. The full correspondence was made public by the state department late yesterday afternoon. It consists of the joint memorandum signed on December 9 by representatives for France, England and the United States; the British-French revised proposal of January 14, the text of the cable sent on January 19 by the secretary of state asking the point of view of the British and French governments in undertaking to dispose of the Adriatic and Russian question before ascertaining the views of the American government; the statements of the French and British prime Ministers of January 23; President Wilson's protest note of February 10, in which he threatened to withdraw the German treaty from the senate if the British-French attitude was persisted in; the reply

of the French and British prime ministers of February 17 and President Wilson's note of February 24, which brings the correspondence up to date. The whole correspondence makes about 12,500 words.

Probably a better construction of the latest note of the United States than the official construction which is "The United States stands pat," would be that in it President Wilson again attempts to appeal to the people of Europe over the heads of their premiers. The President points out that the proposed allied settlement is unmoral and contravenes the principles upon which America entered the war and has sought to establish peace. He declared his belief that unjust settlement can only be provocative of future wars and makes an appeal that no such unwise steps be taken.

It appears to be his hope that public sentiment in Great Britain and France, even more than his own persuasion, may lead the British and French premiers to reverse themselves and return to the proposal which the United States will sanction.

SINN FEINERS KILLED IN BATTLE WITH BRITISH ROYAL POLICEMEN

DUBLIN, Feb. 27—Three Sinn Feiners were killed and eight others wounded in an unsuccessful attack on the police barracks at Timoleague late Wednesday night and early yesterday according to advices here today. The Sinn Feiners used freight cars as a protection to approach the barracks, it was said, and used bombs and rifles. In their attempt to take the barracks they set fire to baled hay which was thrown on the roof of the building. At the same time other raiders attacked the barracks but were repulsed. Timoleague is a small town in the county of Cork about 7 miles southwest of Danzon.

"feast of reason and flow of soul" scintillated with brightest wit and humor throughout and served to remind everybody that the play and social period has its proper place in Sabbath school activities.

The closing service in the evening was in charge of Messrs. Waite and Orwig and was also highly enjoyable.

The following county officers were elected during the sessions: Boys—President, Clifford A. Shaw, of Clearfield; Vice President, William Crebs, DuBois; Secretary, Howard Stewart, of Clearfield.

Girls—President, Miss Agnes' Fulford, Clearfield; Vice President, Ethel Shaw, Clearfield; Secretary, Sara Moot, DuBois.

Under the plan mapped out at this meeting the county will be divided into districts and local conferences will be held from time to time in these districts and an organized, sustained effort made to forward the Sabbath School movement everywhere.

The pronounced success of this conference was due in large measure to the organizing ability and indefatigable efforts of R. I. Fulton, of Clearfield, who is Superintendent of Clearfield County for Young People. Mr. Fulton worked out all the details of the different sessions and his plans

were so perfected that everything was carried through without a hitch. Mr. Orwig paid the Clearfield county Superintendent a very high compliment for his good work.

The Committee in Charge wishes to publicly thank the good people of the town for the entertainment furnished for the delegates. In several cases no delegates were assigned to homes, which had been feared. This was due to the fact that when the delegates registered, it was learned that quite a large number had made their own arrangements with friends and relatives.

FUNERAL SERVICES FOR MRS. EDITH B. DILL

The funeral services for Mrs. Edith Boynton Dill will be held Saturday, February 28th, at 10 a. m., at her late residence.

The family regret that an error was made in stating that the services would be private.

Just What Did He Mean?
"Here, my dear husband," said a loving wife, "I have brought you a dear little silver pig for luck; it's a charm, you know, dear, to bring happiness to a house." "Ah, how kind of you, darling! But why should I need a little pig to bring me luck when I have you still?"

NICKEL-ALLOYS COMPANY EXPANDING ACTIVITIES

AMAZING PROGRESS BEING MADE AT HYDE OPERATION

Nickel Forgings, Rods and Sheets Now Being Shipped in Quantities

315 ON PLANT'S PAYROLL

OFFICIAL RECEIVES MERITED PROMOTION

The Nickel-Alloys Company today announced the appointment of Frank F. Davis, general manager to be Comptroller of the company with headquarters at Philadelphia. Mr. Davis will have general supervision of the financial affairs of the company and will divide his time between the New York, Philadelphia, Pittsburgh and local office of the company.

On learning of the business deals consummated by the Nickel-Alloys Company and the plans for the development of the business a Progress representative visited the plant this morning. Officials would neither admit nor deny the authenticity of the reports, but the Progress man was shown a great many things which lead us to believe that the reports are correct and that great things are in store for the commercial interests of Clearfield and he was also permitted to look over the plant from end to end. It will be recalled that an article appeared in this newspaper some three months ago, in which it was predicted that there would be three hundred employees working at the mill within three months. This is now a fact. Today we find 315 men at the plant, exclusive of the men employed at the mines which furnish the coal, and the employees of the hotel or boarding house. The plans of the company outlined at that time have been carried out and every department is going full tilt today.

In a former article we described the process of heating the metal and rolling it into bars and rods. This department has been increased in size and production is wonderfully increased. Two additions have been made to the plant, one for a gigantic bulldozer which breaks 8 inch steel billets into short lengths for the heating furnaces, and for the storage of these billets and hundreds of tanks of acetylene gas which is used in such quantities that it is bought in carload lots, and the other for electric apparatus and equipment.

The steel rolling mills are working to full capacity, on orders which practically insure their perpetual operation. The nickel mill is going full blast and shipments of nickel sheets of various lengths and sizes are being made. Nickel rods are also on the market and demand is under production. Nickel forgings are being made and many shipments have been made. The scope of the nickel rolling mill is amazing. One set on the working floor was 100 feet long and fifty inches wide. Another was a thick slab of metal one inch wide, five inches long and one-one-thousandth of an inch thick. A new five ton steam hammer was forging a piece of pure metal weighing several hundred pounds and worth in its raw state, over \$1500.

A notable addition to the equipment is a fifteen-ton electric crane, which is being unloaded today, and another most convincing example of the commercial activity of the firm is the presence of over forty carloads of raw material on the tracks being unloaded, while shipping receipts showed forty more cars of raw material enroute to the mill.

The Nickel-Alloys Company, with its three hundred employees, its \$30,000 a month payroll and its bright future, is fast becoming Clearfield's major industry, and we believe that our people should know more

ACQUIRES PLANT AT TITAN METAL

Will Equip Two Plants To Produce Products of Titanium Metal

BELLEFONTE IS TO GET

The Progress learns on authority that a deal has been consummated whereby the Nickel-Alloys Company has obtained possession of the Bellefonte plant of the Titan Metal Company of Bellefonte, Pa. that this transaction will mean great things for Clearfield business.

The Nickel-Alloys plant at Clearfield has been a pioneer in the business of nickel casting and forging and has demonstrated to the metal trade the manufacturing world that there is a workable material in a great many branches of the sciences where hitherto it has not been used. The company is enlarging its plant and its production to take care of their present and future needs. A finishing operation is being carried on to produce the finished product of the Clearfield plant.

In addition to the plant of the Bellefonte plant, which is a well defined and established plant, the Nickel-Alloys Company is to acquire the hands of the Bellefonte plant. This move will close touch with the plant and clear that the plant is to be continued in the hands of the Nickel-Alloys Company. It will be the future of the plant as the production of the business appears to be the operation of two plants at once.

The possibilities of such industries as this are tremendous. A pure antiseptic metal can be used as a food container in place of tin and other alloys, and the process of the Nickel-Alloys company has been indicated to such an extent that they are now able to roll metal of a fineness of one one-thousandth of an inch thick, or of about the same thickness as tin foil. The demand for such a product will be great, and the supply which can be turned out and the entrance of the company into the market, production field will greatly increase the business of the rolling and stamping plant.

It is regarded as a certainty that Bellefonte is to get the fabricating plant, the rolling plant, the laboratory equipment, and one other thing. That another plant will be required and a schedule of work will be set. It is another certainty that the location of the plant is not definitely fixed. That Clearfield was the ideal place to make the rolled and forged metal into the finished product is a fact, and there is a possibility that it will be located here. Newspapers of Lock Haven and Williamsport have recently commented on the fact that these two cities are making a bid for the new plant of the Nickel-Alloys company.

about it. From time to time we hope to keep our readers acquainted with developments at the mill.

CLEARFIELD'S INDUSTRIAL FUTURE

A few years ago Clearfield business men combined in the organization of a Chamber of Commerce, employed a paid secretary whose duty it was to circularize the whole nation on the advantages of Clearfield as an industrial centre, hundreds of dollars, perhaps thousands, was spent in postage and printing, the salary of the secretary was paid for two or three years, traveling expenses amounting to other hundreds of dollars were spent whenever it appeared that a manufacturing plant was being planned and wanted a location. Inducements were offered which brought some industries here, a couple of which have turned out fine.

All this was right and proper. Clearfield is better off for it. No criticism is to be made. Clearfield tried and tried hard.

Now we have no paid traveling secretary. No community publicity bureau. If we get any more foreign industries it will be because the promoter of them happened to be flying across here in an airplane and met with an accident which will thrust them upon us, at which time let us hope we will be able to wine and dine them and that they will not be too severely injured to glimpse what we believe is the greatest little burg in burgdom.

Recalling the memorable address of Doctor Conwell, "Acres of Diamonds", is it not possible and probable that we are overlooking the diamonds at our very doorstep. Here in Clearfield today we have a growin' industry with the brightest possible future. A subsidiary or finishing plant with wonderful possibilities is to be built. So far as we know the Nickel-Alloys plant has not cost the community a penny but rather has been a contributor to the general prosperity we have enjoyed.

Cannot that finishing plan be located here? It is for Clearfield to find out. We can do no more than commend the opportunity to the earnest consideration of those who are in a position to talk business on the subject. It appears to us that with half the effort Clearfield made on other projects in the past and with only a small percentage of the cost of past endeavors Clearfield can land the finishing mill for its own. This is not a matter for snap judgment or prejudice. Permit us to suggest that the wheels of the Chamber of Commerce be put in motion to thoroughly investigate what looks like a diamond on the doorstep of Clearfield business.

HERE IS HOPING "BERNEY" IS RIGHT

WASHINGTON, Feb. 27.—The end of high prices is in sight, Bernard Baruch, former head of the War Industries Board told the House War Department expenditures committee today. "Only an act of God or some development such as the overthrow of the government and the establishment of some unwarranted substitute can prevent a drop in the cost of living," he said.

AMERICANS HELD BY BOLSHIEVIKI IN GOOD SHAPE

WASHINGTON, Feb. 27.—Edward Tharett, of Stockton, Cal., has arrived in Irkutsk with news of six other Americans who are being held by the Bolsheviki according to a dispatch from the Red Cross headquarters. Tharett was one of the men captured by the Reds but they permitted him to go through the lines with word that his companions were all being well treated. He drove 800 miles in a sled. Upon arriving at the Red Cross headquarters at Irkutsk he gave the following list of Americans who were held: Alex C. Tweet, of New York; Otto W. Lowe, of New York; Josep Mezil, of Colorado; Harry Connally, of Philadelphia; W. H. Ford, of Oklahoma, and H. N. Monroe from Maine.

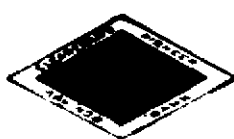

CHICAGO, Feb. 27.—The wets and drys were undecided today as to whether the Chicago City Council can force a referendum vote on prohibition in Illinois. The Council Judiciary committee went on record today favoring a prohibition referendum in the state. Only one vote in opposition was reported.

All Have Hard Trials

There are times when everything seems to go wrong.

It is then that our poise and equilibrium are severely tested and we need help from the outside.

At such times, a Savings account in The Clearfield Trust Company makes us feel that we can stand pretty hard trials as we have something to fall back on. Do you know what the feeling is?

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They all gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, sprains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable. 30 and 60c jars; hospital size \$2.50

FORTUNE AWAITS ARGONNE DOUGHBOY

PHILADELPHIA, Feb. 27. (United Press)—A thousand dollars, a ticket to North Dakota and a pension await a "wandering doughboy in a tin-coat" at the local Red Cross headquarters.

The ebb tide of the army brought Joe Lenore to Philadelphia from a nearby demobilization camp. He registered at the Salvation Army Hotel and from there was taken to St. Agnes' Hospital for treatment of his wounds. He wore eleven wound stripes, had a croix de guerre, two citations and medals from the Spanish-American War.

When discharged from the hospital he collected compensation through the Red Cross, bought a fur coat, and disappeared without leaving an address. Since then his compensation under the Sweet bill has piled up a thousand dollars to his credit. As he is gradually becoming blind he is given double disability, permanent insurance privileges, and in addition, the Public Health Service has a free ticket for him to return to his home in North Dakota.

He is a veteran of the Argonne and Chateau-Thierry.

GAY OLD WAR FOR SOME FELLERS

KANSAS CITY, Feb. 27.—An international romance coupled with an American domestic drama was revealed today in proceedings brought before the Kansas City immigration authorities to deport Mile Madeline Babine, daughter of a Paris merchant. Other principals in the triangle are Lee Shippey, poet, author, editor and Chautauqua lecturer, and Mr. Mary Wood on Shippey, his wife, a magazine writer.

Shippey went to France during the war as a Y. M. C. A. secretary. He met and fell in love with the French girl. Last November Mile Babine arrived in Kansas City and explained to Shippey that she was about to become a mother.

Shippey asked his wife to obtain a

divorce in order that he might give the expected child a name. Miss Shippey refused but offered to care for the child as her own. Shippey would not agree to this and later left for California.

Testimony in the case has been forwarded with recommendations regarding deportation to the Department of Labor at Washington. Meanwhile Mile Babine is at liberty here.

NOTICE

The Hope Circle of the West Side M. E. church will meet at the home of Mrs. M. J. Bowes on Nichols street, this evening at 7:30.

Over-Enthusiastic.

Once in a while you meet a friend who is so glad of a chance to help you out of trouble that he is almost willing to help you into some for the sake of showing you.

A Prominent Nurse Testifies

Lewistown, Pa.—"I was all broken down in health, suffered from a displacement. One of my friends came to see me and advised me to commence taking Dr. Pierce's Favorite Prescription. I began and also used the 'Golden Medical Discovery' and the 'Pleasant Pellets.' I have been a midwife for several years and always recommended the 'Favorite Prescription' to every woman to take during pregnancy and afterward, and they all get along so nicely. It surely is a God-send to suffering women. It also carried me through the critical time of life and I had no trouble or distress whatever. I keep it constantly in the house and will not be without it."

MRS. JENNIE RINKER.

When a woman becomes a mother, when a woman passes through the changes of middle life, are the periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth. Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. It is not a secret remedy because its ingredients are printed on wrapper.

All druggists. [Liquid or tablets. Send Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for large trial package.]

OBSTINATE COUGHS

C. C. A. A. News

A fourth meeting of the C. C. A. A. (Clearfield County Athletic Association) was held last evening which was probably the most interesting meeting yet held. About forty red-blooded sports were present and with only two or three exceptions they walked up to the secretary's desk and made the payment of five dollars which entitled them to a voice in the proceedings. Promptly at eight o'clock Temporary President M. L. Farrell called the meeting to order and the secretary read the minutes of the previous meeting which were approved as read, whereupon the president announced the purpose of this meeting as that of electing officers for the ensuing year. Nominations for president being in order, M. L. Farrell and G. A. Stewart were placed in nomination but both men declined owing to their desire to have the affairs conducted by men having a wider and broader athletic experience and having other qualifications which would insure the ultimate success and strength of the association. The discussion on the purpose of the organization and the type of man wanted for president was led by G. A. Stewart and before the close of the meeting practically every member joined in the discussion. First, the association wants a big man for it ought to be.

its president and will back him up to the last ditch. Second, the association wants a practical, hard headed executive. Third, the association wants someone with athletic experience and who is a tried and true sportsman. Fourth, the association wants a president who can give freely of his time to look after its affairs. In short, the association is looking for the right man and hopes to find him before the president is finally selected and rather than make a mistake about it the election will no doubt be deferred from time to time. After a full discussion of the question a motion prevailed that the temporary officers hold office until a postponed election is held in two weeks, that meanwhile every member engage in boosting the association and explaining its purpose. The C. C. A. A. is built on a solid foundation. Its affairs, under its constitution will be so conducted that no activity can be carried on unless passed upon by the Standing Committee of five men. The C. C. A. A. is just what the sportsmen of Clearfield have been asking for and every sportsman is asked to give it his consideration. Its permanent officers are not yet selected. Become a member at once and help put the association where the association wants a big man for it ought to be.

RHEUMATIC PAIN Rub It Right Out—Try This!

Rheumatism is "pain only."

Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away. Rub soothing, penetrating "St. Jacobs Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism cure which never disappoints and does not blister.

Linger up! Quit complaining! Get a small trial bottle of old time "St. Jacobs Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief and a cure awaits you. Get it! "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago backache, sprains and swellings.

BUSINESS OPPORTUNITY

Want man about 25, experienced in selling and willing to locate in or near Philipsburg, can connect with large manufacturing company whose goods are nationally advertised. This is a permanent position and offers opportunity to right party. Salary basis only. State age, experience, salary expected, education and when available in first letter. Address letter to O. S. care of Clearfield Progress.

HOUSE OF LORDS IS FULL. S. R. O. SIGN TO BE HUNG OUT

LONDON, Feb. 19—(By Mail)—If the creation of new Peers continues apace the way it is doing now, the House of Lords will soon be putting the showman's sign outside—"S. R. O."

Unless some sort of reform is proceeded with soon, the housing question at Westminster will be a serious one as it is in all other parts of the country.

As many as twenty-four names have been added to the roll since New Year's Day.

Peersesses in their own right are not to be admitted to the sacred precincts until the whole House of Lords has been reconstructed and reorganized. They may stand for election to the House of Commons, but as a matter of fact the benches in the elected house are already unpleasantly crowded—and frequently when an important debate is announced the members overflow to the galleries, where they are precluded from speaking.

If ever the absentee Sinn Feiners change their minds and turn up to "take their seat" in Commons, the Tommy-make-room-for-your-uncle injunction is likely to prove somewhat of a problem.

WANTS TO LOCATE MOTHER

Yesterday's Philadelphia Press contained the following appeal, and in order to assist in her attempt to find her mother, we give it space in the Progress:

To the Editor of "The Press," Sir:—I am a reader of "The Press Forum" and would be very thankful if you would print the following in "The Forum."

I have not seen my mother since the year 1888 through separation and divorce of mother and father. I thought by inserting this notice in "The Press" that she may see this and in some way communicate with me.

Her name before divorce was Mrs. Matthew Montgomery, and after they separated she resided in Clearfield, Pa. I hope if she, or anyone who

PROHIBITION A MINT FOR MINT GROWERS OF N. Y.

LYONS, N. Y., Feb. 27—When John Barleycorn passed on, friends predicted an early demise for one of his chief lieutenants, mint for the Julep. Recent developments here not only have assured the ingredient will not die, but a fair degree of prosperity is promised him for his declining years.

Since 1814 the country surrounding Lyons has been plentifully planted in mint, but when the prices were low farmers declined to cultivate the plant systematically. Now that prices for peppermint oil have advanced to above \$8 a pound, however, concerted efforts are being exerted to produce mint in large quantities.

Contracts recently were let for erection of two large distilleries and farmers have announced they intend to devote many more acres than ever before to raising mint.

STOCK OPENINGS

NEW YORK, Feb. 27—The stock market opened strong today. For the first time in many days there was a decided upward trend of the whole list and the first sales were made at high prices. United States Steel opened at 94 1/4 up 1/8. Mexican Petroleum at 172 3/4 up 2. Crucible at 106 1/2 up 1/4. Studebaker at 82 3/8 up 7/8. United States Rubber at 95 5/8 up 5/8, and Bethlehem B. at 84 up 5/8.

COURT NOTES

Barbara Peters, by her attorneys Chase & Chase, began proceedings in the Prothonotary's office yesterday to secure a divorce from William Peters whom she married August 5, 1919, and who deserted her February 28, 1918, after treating her cruelly and barbarously during about all of their married life.

She knows anything concerning her whereabouts by chance sees this, will please communicate with me, her daughter.

PE-RU-NA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stepping to rest. Now I do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

Her Grandma
Used Sage Tea
To Darken
Her Hair.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

YOU pay about double what you did before the war—don't you?

Telephone supplies cost about double, too.

We can't make ends meet, because—

Telephone rates are just what they were before the war.

The service cannot be kept up if the rates are not made adequate.

It's your service.

INSTRUCTORS ARE NEEDED IN ARMY GAMES AND SPORTS

WASHINGTON, Feb. 27. (United Press.)—Plans for the establishment of a school at Camp Benning, Georgia, to turn out army physical instructors, have been completed today by the War Department.

Five officers from each department of the army will be detailed to the school for instruction in physical training and athletics. At the end of the course, each officer will return to his post equipped with the knowledge and training requisite for an instructor in athletics. The instructor personnel at the Camp Benning School will be made up of physical training specialists.

Besides the athletic program, instructions will be given at Camp Benning in such activities as hand-to-hand fighting. The instructions planned by the army will make every soldier fit to meet the severe modern warfare requirements of body control, agility, strength and endurance, it is believed.

The organization of a school for army chaplains at Camp Sherman, Chillicothe, Ohio, now is being worked out by the War Plans Division at the War Department, also.

STATE COLLEGE TO PUBLISH ITS OWN DAILY PAPER

STATE COLLEGE, Pa., Feb. 27.—There is a movement on foot among a number of interested students at the Pennsylvania State College for the establishing of a daily newspaper carrying wire news for the benefit of the students and townspeople, isolated by several hours from the late news dispatches.

For sixteen years students have published a weekly newspaper restricted only to student and college affairs. This expansion to a daily issue has been agitated for a number of years, but with improved mechanical and wire service in sight, expectations in this feature may soon materialize. Financial and organizational plans are now being considered.

A daily bulletin made its appearance last fall as a forerunner of the idea, and with its great success the development of the daily newspaper has taken big strides. The present weekly publication consists of six pages, and those in charge believe that the great growth of the college during the past few years has been such that a daily paper is demanded and can eventually be supplied.

NEW BETHLEHEM PROTESTS

A protest has been entered by New Bethlehem high school against the ruling of Referee Ed Harris in a recent game played by the New Bethlehem boys in Clearfield. The New Bethlehem contention is that Harris allowed two field goals to count which actually should not have counted inasmuch as they hit and rolled along the edge of the back board before dropping through the basket. A protest was lodged by Captain Markle at the time, but he states that Harris refused to listen to him. The final score was in Clearfield's favor, by a margin of two field goals. The protest filed by New Bethlehem is now in the hands of Prof. P. S. Jackson, the league president.

ST. ANDREWS CHURCH

There will be a sermon tonight at 7:30 p. m., the preacher being the Rev. M. DeP. Maynard, of Bellefonte. The public is cordially invited to attend.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated each day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and a sort of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at any drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

NOTICE WEST SIDE M. E. CHOR

There will be a short half hour rehearsal tonight starting promptly at 7 o'clock. Please be present.

Easter Bazaar

Miss Maude Powell's class of the Trinity Sunday School will hold an Easter Bazaar at a time and place to be later announced. Watch for the announcement.

NEWS OF OUR NEIGHBORS

WOODLAND

Justice of the Peace Owen Duffey is recovering from a severe attack of the flu but is not able to be out of doors yet.

M. M. Overly of Clearfield, attended the funeral of the late Robert Mitchell on Wednesday morning.

Dorsey Albert, who has been attending an electrical school in New York City, has completed his course and is spending a few days with the home folks. He expects to leave this week for Pittsburg, where he has accepted a position in the Westinghouse Electrical works.

The flu conditions have not improved as yet, there being many people ill in and around town. The doctors are having considerable trouble to reach the patients in the rural districts on account of the roads.

Mr. and Mrs. George Cole, of Jefferson county, visited relatives here during the week.

Mr. and Mrs. Ashley Mitchell, of Bellwood, were here to attend the funeral of the former's brother, Robert Mitchell, who died last Sunday evening and was buried Wednesday morning.

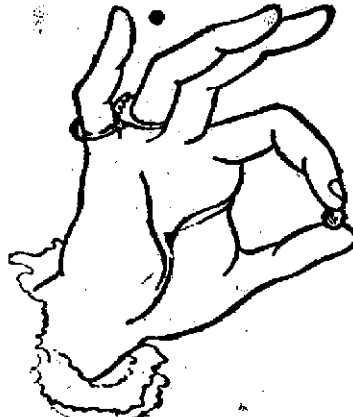

Mrs. Samuel Stevens, of Bigler, was a guest at the home of J. M. Baker on Thursday.

A few days ago Samuel N. Stevens, of Bigler, received through the mail a beautifully engraved memorial from the French government to the memory of his son who died of pneumonia, October 26, 1918, while in the service of his country, inscribed as follows:

To the memory of
Thomas L. Stevens
Private Co. K 319 Inf. U. S. A.
Who died for Liberty during The Great War
The Homage of France
The President of the Republic
R. POINCARÉ
They also received from the Red Cross a photograph of the son's grave in the American plot of the French cemetery at Fleury-Saure, Meuse, France.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it all, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Y. M. C. A. NOTES

Secretary Grathus left today for the fifty-first annual Y. M. C. A. convention, which will be held at Williamsport.

On Monday evening at seven o'clock the public is cordially invited to a free illustrated talk on the Rock of Gibraltar.

Several boys have received free membership tickets at the association as gifts or presents from the generous directors and business men. Some of the ladies of our city have paid for free tuition for a number of school girls whose class meets on Tuesdays after school and Saturday at 3 o'clock.

DEMOCRATS VOTE TO PASS LODGE RESERVATIONS

WASHINGTON, Feb. 26 — The Lodge reservation to the peace treaty which prohibits the acceptance by the United States of a mandate over any other nation without an affirmative act of congress this afternoon was adopted by the senate as a part of the resolution of ratification by the vote of 69 to 4.

There was a veritable landslide of Democratic votes to the support of the reservation, there being 30 Democrats and 38 Republicans on the majority side.

Senator Hitchcock, the Democratic leader was present, but abstained from voting.

The reservation adopted is as follows:

"No mandate shall be accepted by the United States under Article 22, Part One, or any other provision of the treaty of peace with Germany, except by action of the congress of the United States."

This is the second reservation adopted thus far by the senate in the renewed struggle for ratification, the reservation on withdrawal from the league having been adopted last week.

The willingness of so many Democrats to vote for the Lodge reservations occasioned little surprise in view of the position taken by a number of the administration men that they should make every possible concession in order to bring about ratification. When the same reservation was voted upon last November it was passed by the vote of 43 to 33, and only four Democrats voted for it.

A speech by Senator Reed condemning the treaty and the league of nations covenant was the feature of the day's session. Senator Reed denounced the covenant, and declared that none of its supporters can point to a single thing that the league can do for America.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full or sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Beggs MUSTARINE

Chemist Beggs Says

When aches and pains distress
you and keep you uneasy and
unfit just rub on a little Beggs-
Mustarine. It cannot blister
even though you'll find it many
times stronger than anything
else you can buy.

There's lots of things that
will give temporary relief for

Bronchitis Sore Throat

but I want you to remember, if
you want lasting relief, that
heat is absolutely necessary to
reduce the inflammation and
scatter coagulation.
Heat eases pain and heat is
just what you get when you
use Beggs Mustarine for lum-
bago, neuralgia, sciatica and
rheumatic pains and twinges
50 cents.

IT'S UNWISE to put off to-day's duty until to- morrow. If your stomach is acid-disturbed take

KI-MOIDS

the new aid to digestion comfort
today. A pleasant relief from
the discomfort of acid-dyspepsia.

HYDE CITY WOMAN DIES

Mrs. Oris M. Haag, of Hyde City,
died at the Clearfield Hospital on
Wednesday, February 26th, aged 25
years. The deceased had been a suf-
ferer from Bright's disease for some
time.

Mrs. Haag resided in Grampian up
until about one year ago. When her
health began to fail she came to the
home of her parents, Mr. and Mrs.
William A. Teats, at Hyde. She con-
tinued to fail and was taken to the
Hospital for treatment. The disease
had advanced beyond all hope of med-
ical aid and death at the time stated
was the result.

She is survived by her husband
and two small children. In addition
to her parents.

The funeral will be held from the
Teats home at Hyde on Saturday
afternoon at 2 o'clock. Interment in
Centric cemetery.

C. H. S. NOTES

Miss Helen Johnston is ill at her
home on Nichols street.

Miss Emma Levegood, the Latin
teacher in High School, is ill at her
home.

Miss Mary Zimmermann is ill at her
home with the scarlet fever.

Miss Caroline DeHaas, who has
been sick, returned to school this
week.

Section One of the Freshman Class
served a dinner in the dining room of
the High School Tuesday evening, to
the Directors and their wives. Miss
Althea Carr and Miss Beatrice Mc-
Dowell headed the Arrangements
Committee.

Several of the school boys and girls
attended the Sunday School Con-
vention Thursday.

Mr. Ventres, one of the teachers of
High School, returned to school after
a short illness.

The basket-ball game this evening
was the last home game of the league
season.

The Senior Class Party was held
last evening. Everyone had a good
time.

Miss Martha Ames and Miss Sara
Hunter, of Iriona, attended the Older
Boys' and Girls' Conference held here
yesterday.

Gossip for Tonight's Tea Table

Miss Grace McClure, of Grampian,
was calling on friends here last even-
ing.

Mrs. Scott W. Norris attended the
funeral of the late John Norris at
Curwensville yesterday.

Sanford Thompson, of Akron, Ohio,
is visiting his father, Frank Thomp-
son on Martin street.

Mrs. Claude Risher and family left
Wednesday to join her husband at
Barberton, Ohio, where they will
make their future home.

The friends of Mrs. James Spence,
of Cherry street, surprised her by
"dropping in" to remind her that it
was her birthday. The evening was
enjoyed by all. Delicious refresh-
ments were served.

Miss Ada Smith was called to her
home in Glen Richey on account of
the death of her brother.

Miss Martha Nolf and Miss Sara
Moot, of DuBois, are visiting friends
and relatives in town.

Mr. and Mrs. T. J. Norris attended
the funeral of the late John H. Nor-
ris at Curwensville yesterday.

Redge Heller, of Lock Haven, was
transacting business in town today.

Mrs. Alex Kreher entertained a
few of her friends at her home on
Second street last evening.

Miss Lillian Moore, who has been
quite ill at her home on West Pine
street, is much improved.

Miss Josephine Hepburn and Miss
Charlotte Walizer, of Grampian, at-
tended the Older Boys' and Girls'
Conference held here yesterday.

Mrs. John Gearhart entertained a
few of her friends at her home on
Turnpike avenue last evening.

Miss Mary Shirey left this morn-
ing to spend a few days with rela-
tives in Philipsburg.

Mrs. Thomas Read, of Grampian,
spent yesterday shopping in town.

Mr. and Mrs. Howard Milligan en-
tertained at a delightful "drop-in"
last evening at their home on Dorcy
street. The amusements for the even-
ing were principally dancing and card
playing. A delicious lunch was serv-
ed, after which the young folks de-
parted merrily.

Frank Howe and son, of Morris-
dale, were Clearfield visitors yester-
day.

HUSBAND 84 ALLEGES WIFE 80 HAS MANY MALE AFFINITIES

SAN FRANCISCO, Feb. 27.—Judge
E. A. Crothers is to give his decision
today in the divorce suit of Mr. and
Mrs. Mathias Becker.

Becker is 84. His wife is younger.
She's only 80.

The husband declared in court his
octogenarian spouse has two affinities.
"My wife is crazy," he testified,
"crazy about men. I have always
been to watch her. I've moved from
one city to another to get her away
from her affinities."

Mrs. Becker denied the "affinity"
accusation.

TENDEDED FAREWELL RECEPTION

About forty of the friends of Mr.
and Mrs. J. M. Switzer dropped in at
their home on Fourth street last eve-
ning, to tender these good people a
farewell reception. The evening was
delightfully spent in playing cards
and chattering, and everybody en-
joyed themselves immensely. Delic-
ious refreshments added to the sat-
isfying climax.

Mr. and Mrs. Switzer expect to re-
move their family to Indiana next
week, where they will reside perman-
ently. Their host of warm friends
and neighbors wish them every suc-
cess in their new home, while regret-
ting very much their leaving Clear-
field.

The Hat and Religion.

Jews wear their hats in the syna-
gogue. The Friends also sit covered
during the offering of prayers. For-
merly the custom in the Church of
England was for men to sit covered
during the sermon. When Richard
Cox, bishop of Ely, died in 1581 the
congregation sitting in the choir to
hear the sermon covered their heads.

A. W. LEONARDSON COMPANY

DEMAND IS GROWING FOR TRAINED MEN AS AGRICULTURALISTS

Demand for men trained in agri-
culture is greater than ever before in
the history of the state, according to
department heads in the School of
Agriculture at the Pennsylvania
State College, who are daily receiv-
ing requests for graduate and post-
graduate students qualified in special
branches of scientific farming. These
inquiries are of all kinds, from farm
partnership offers to positions in ex-
perimental research. Teachers, gener-
al farmers, stockmen, gardeners,
dairymen, fruit specialists and num-
erous others are wanted. Fertilizer
companies as well as meat packing
houses and breakfast-food establish-
ments call for men trained in chemi-
cal agriculture. Dairy manufacture
offers a large field. Where in former
years similar requests reached the
college singly or in pairs, they are
now coming by the dozen. The stu-
dents who graduated here at the end
of the first semester, instead of hunt-
ing their own jobs had several offers
from which to choose.

This impetus is explained in part
by the increased interest in the in-
dustry of food production during the
last two or three years, but is prob-
ably due more to a growing realiza-
tion of the efficiency of scientific
farming. The hope of greater profits
by the application of better methods
appeals to all who are interested in
improving their business. The appli-
cation of scientific principles to farm-
ing and allied interests tends to in-
crease the efficiency of food produc-
tion. This benefits producer and con-
sumer alike and is a fundamental
factor in national prosperity. This
fact creates a want in the economic
life of today for college graduates in
agriculture. That the college course
alone is not enough to satisfy this
want is realized by the faculty at
Penn State, who believe it must be
supplemented by certain natural qual-
ifications of ability and integrity.

WILL IT EVER ARRIVE?

Spring seems to be a very long
time coming, but if the feathered
prophecies are anything to go by, it
will not be long delayed and we may
look forward to the ground-hog re-
deeming his reputation as a prognos-
ticator, at least in part, before March
is very far advanced. In the last few
days crows driven well into the bor-
oughs in this part of the State have
also invaded tracks within a mile of
the State Capital on a hunt for gar-
bage and quail that have flown into
parks and gardens on the outskirts
of Harrisburg and Steelton have
been joined by squads of blackbirds.
Ordinarily blackbirds do not appear
in any number until the windy month

is well on the way, but the unusually
early birds, Reservoir and Chambers
have been visited by some. Many
bands of these birds flock from the
rice fields.

One reason assigned is that it has
been cold down south and the birds
probably figured that they might as
well come north. In any event, they
have been going over the fields where
stalks of last year's crops remain and
seem right glad to find food. These
have also been some reports of com-
ing expeditions by wrens and one
young pair was seen building up
along the river during some hours of
intermittent sunlight, a day or so ago.
It has also been reported by a bird-
ding and very observant young natural-
ist that a downy woodpecker has
been seen on the West Branch, an in-
teresting fact because this bird does
not ordinarily show up until condi-
tions are settled. Robins have been
seen in Capitol Park and more than
one flock of geese have been reported
in the lower reaches of the Susquehanna.

NUMBER 28

WILSON WILL ACT ON RAILROAD BILL WITHIN THE NEXT 24 HOURS

PALMER AND HINES SAID TO HAVE ADVISED OKEH

UNION LEADERS WAITING AT THE CAPITAL TO SEE WHAT COURSE THE PRESIDENT WILL TAKE

ROADS TO RETURN NOON MONDAY

WASHINGTON, Feb. 27—President Wilson is expected to act on the railroad control bill today or at the least tomorrow. Union leaders who urge the President to veto the bill are awaiting the decision from the White House. The Railroad Administration in preparing to turn the lines over to private ownership at 12:01 a. m. Monday. Preparations have been made to discontinue on Monday all departments of the Railroad Administration except the liquidation division.

Rail Director Hines and Attorney General Palmer have advised the President to sign the bill it was learned today from reliable sources.

Announcement that Wilson has signed the bill will automatically set in motion the machinery of the Inter-State Commerce Commission which will have power to control and regulate under the act.

Railroad union leaders who yesterday presented at the White House a resolution against the measure report this as their final effort to prevent it becoming a law. "We have decided to do nothing more until the President takes final action," said Timothy Shea, a member of the special union committee which conducted the fight against the bill. "The fourteen railroad union executives, however, will remain in Washington for some time," he added. The union executives will wait to learn the decision which will affect two million workers before deciding further action if the President signs it.

Deportation of Reds Continues. But In Less Impressive Manner

WASHINGTON, Feb. 27—The government deportation machinery is working at full speed. Many Reds will be deported as fast as possible it was learned. The possibility of another "Soviet ark" is opposed by Secretary of Labor Wilson because of the notoriety given the Reds and enables them to pose as martyrs. Radicals are now being deported in small groups on regular passenger liners.

Ellis Island, according to advices here, is crowded with Reds from all parts of the country. Because of the large number to be deported the government has put in service a "Red special" train it was stated. The train generally starts from the Pacific coast and gathers radicals all the way to New York.

CLEVELAND, Feb. 27—Ten persons were held for deportation here today following a radical raid during the night in which 26 persons were rounded up.

HOUSE IN DANSEY MYSTERY BURNS

HAMMONTON, N. J., Feb. 27—County detectives today were investigating the peculiar fire which last night destroyed the house on the edge of Folsom swamp formerly occupied by the Coons family. It was in Folsom swamp that the skeleton supposed to be that of Billy Dansey was found last November. The detectives hoped, it was said, to find some connection between the burning of the house which has not been occupied since it was vacated by the Coons family several weeks ago and the supposed kidnapping and murder of the baby. They believe the house may have been burned to destroy evidence which might lead to the solution of the crime.

YOUNG PEOPLE'S FIRST ANNUAL CONFERENCE

Older Boys and Girls of County Discuss Vital Problems of Sabbath School Work

ADVICE BY STATE WORKERS

The first annual county convention of the Older Boys and Girls Conference for Clearfield county which was held in the Presbyterian church on Thursday under the auspices of the both the County and State Sabbath School Associations was a success even beyond the fondest expectations of the local committees in charge of the affair.

Three sessions were held during the day and each was largely attended, while the old campaigners present from other fields marveled at the enthusiastic interest shown by the boys and girls of Clearfield county.

The opening service was conducted by P. G. Orwig of Philadelphia, a field representative of the Pennsylvania Sabbath School Association, while the different and sometimes difficult problems in Sabbath School work were intelligently and earnestly presented during the day by Messrs. Orwig and A. K. Stockebrand, of Philadelphia, also of the Pennsylvania Sabbath School Association and R. A. Waite representing the International Association.

These expert diagnosticians of trouble finders and remedial prescription-providers presented many of the interesting and duty-to-be-encountered problems of Sunday school work in new light to the young people there to learn and the seeds of knowledge so generously and entertainingly scattered about by each of the speakers found lodgment on "good ground" and should and undoubtedly will bring forth abundant "good fruit" for the future.

The afternoon session gave opportunity to the local boys and girls to present their ideas and experiences together with the manner in which they had solved or proposed to solve their individual problems.

"Activities That Develop the Mind" was the subject assigned W. Howard Stewart, representing the boys and Miss Emily Edmiston, the girls.

Bowman A. Brown and Miss Mabel Phillips opened the discussion on "Activities That Develop the Body."

"Activities That Develop the Religious Life" was handled by Clifford A. Shaw and Miss Beatrice Hogarty, while the subject "Activities That Develop the Social Life" was assigned Alfred Hess and Miss Janet Smith.

The young people in every instance developed a grasp or knowledge of the subject handled which elicited much favorable comment from every side. Following the remarks of the assigned speakers Messrs. Orwig and Waite took up each subject in turn and after complimenting the speakers on their breadth of vision displayed, proceeded to enlarge upon each feature as it pertained to successful work in the Sabbath schools.

Then followed general discussion of the different subjects which was fully participated in by the 190 delegates present and at the conclusion of this admirable feature of the session it was the universal opinion of the experienced workers that the problems of the coming years in Clearfield County's Sabbath Schools were in highly capable hands.

The afternoon session closed with a banquet served by the Ladies' Aid of the Presbyterian church. This feature was very aptly styled the BIG TIME on the program, and that's what it was. The good ladies more than lived up to their most excellent reputation as providers and entertainers and ample justice was done their very generous feat. Mr. Orwig presided as Toastmaster and the

LATEST ADRIATIC NOTE ARRIVES AT WHITE HOUSE: NO DETAILS

WASHINGTON, Feb. 27—The reply of the Allies to President Wilson's last note on the Adriatic settlement was received at the State Department today. The Allied reply will not be made public at the State Department but probably will be given out abroad.

WASHINGTON, Feb. 27—The Allied reply to President Wilson's latest note in the controversy on the Adriatic settlement was expected at the State Department today. Many officials here believed he Allies would acquiesce in the President's plan to have Jugo-Slavia and Italy enter negotiations fixing the frontier in the Fiume region on a line acceptable to both nations and failing in this that they would agree to accept the decision of the United States on a common frontier. This proposal was contained in President Wilson's latest note dispatched last Tuesday. The note was given out last night by the state department.

WASHINGTON, Feb. 27—The "government of the United States stands pat."

This was the official construction placed last night on the correspondence between the United States and the governments of Great Britain and France, with relation to the Adriatic settlement. The full correspondence was made public by the state department late yesterday afternoon. It consists of the joint memorandum signed on December 9 by representatives for France, England and the United States; the British-French revised proposal of January 14, the text of the cable sent on January 19 by the secretary of state asking the point of view of the British and French governments in undertaking to dispose of the Adriatic and Russian question before ascertaining the views of the American government; the statements of the French and British prime Ministers of January 23; President Wilson's protest note of February 10, in which he threatened to withdraw the German treaty from the senate if the British-French attitude was persisted in; the reply

of the French and British prime ministers of February 17 and President Wilson's note of February 24, which brings the correspondence up to date. The whole correspondence makes about 12,500 words.

Probably a better construction of the latest note of the United States than the official construction which is "The United States stands pat," would be that in it President Wilson again attempts to appeal to the people of Europe over the heads of their premiers. The President points out that the proposed allied settlement is unmoral and contravenes the principles upon which America entered the war and has sought to establish peace. He declared his belief that unjust settlement can only be provocative of future wars and makes an appeal that no such unwise steps be taken.

It appears to be his hope that public sentiment in Great Britain and France, even more than his own persuasion, may lead the British and French premiers to reverse themselves and return to the proposal which the United States will sanction.

SINN FEINERS KILLED IN BATTLE WITH BRITISH ROYAL POLICEMEN

DUBLIN, Feb. 27—Three Sinn Feiners were killed and eight others wounded in an unsuccessful attack on the police barracks at Timoleague late Wednesday night and early yesterday according to advices here today. The Sinn Feiners used freight cars as a protection to approach the barracks, it was said, and used bombs and rifles. In their attempt to take the barracks they set fire to baled hay which was thrown on the roof of the building. At the same time other raiders attacked the barracks but were repulsed. Timoleague is a small town in the county of Cork about 7 miles southwest of Danzon.

"feast of reason and flow of soul" scintillated with brightest wit and humor throughout and served to remind everybody that the play and social period has its proper place in Sabbath school activities.

The closing service in the evening was in charge of Messrs. Waite and Orwig and was also highly enjoyable.

The following county officers were elected during the sessions:

Boys—President, Clifford A. Shaw, of Clearfield; Vice President, William Krebs, DuBois; Secretary, Howard Stewart, of Clearfield.

Girls—President, Miss Agnes' Fulton, Clearfield; Vice President, Ethel Shaw, Clearfield; Secretary, Sara Moot, DuBois.

Under the plan mapped out at this meeting the county will be divided into districts and local conferences will be held from time to time in these districts and an organized, sustained effort made to forward the Sabbath School movement everywhere.

The pronounced success of this conference was due in large measure to the organizing ability and indefatigable efforts of R. I. Fulton, of Clearfield, who is Superintendent of Clearfield County for Young People. Mr. Fulton worked out all the details of the different sessions and his plans

were so perfected that everything was carried through without a hitch. Mr. Orwig paid the Clearfield county Superintendent a very high compliment for his good work.

The Committee in Charge wishes to publicly thank the good people of the town for the entertainment furnished for the delegates. In several cases no delegates were assigned to homes, which had been feared. This was due to the fact that when the delegates registered, it was learned that quite a large number had made their own arrangements with friends and relatives.

FUNERAL SERVICES FOR MRS. EDITH B. DILL

The funeral services for Mrs. Edith Boynton Dill will be held Saturday, February 28th, at 10 a. m., at her late residence.

The family regret that an error was made in stating that the services would be private.

Just What Did He Mean?
"Here, my dear husband," said a loving wife, "I have brought you a dear little silver pig for luck; it's a charm, you know, dear, to bring happiness to a house." "Ah, how kind of you, darling! But why should I need a little pig to bring me luck when I have you still?"

NICKEL-ALLOYS COMPANY EXPANDING ACTIVITIES

AMAZING PROGRESS BEING MADE AT HYDE OPERATION

Nickel Forgings, Rods and Sheets Now Being Shipped in Quantities

315 ON PLANT'S PAYROLL

OFFICIAL RECEIVES MERITED PROMOTION

The Nickel-Alloys Company today announced the appointment of Frank F. Davis, general manager to be Comptroller of the company with headquarters at Philadelphia. Mr. Davis will have general supervision of the financial affairs of the company and will divide his time between the New York, Philadelphia, Pittsburgh and local office of the company.

On learning of the business deals consummated by the Nickel-Alloys Company and the plans for the development of the business a Progress representative visited the plant this morning. Officials would neither admit nor deny the authenticity of the reports, but the Progress man was shown a great many things which lead us to believe that the reports are correct and that great things are in store for the commercial interests of Clearfield and he was also permitted to look over the plant from end to end. It will be recalled that an article appeared in this newspaper some three months ago, in which it was predicted that there would be three hundred employees working at the mill within three months. This is now a fact. Today we find 315 men at the plant, exclusive of the men employed at the mines which furnish the coal, and the employees of the hotel or boarding house. The plans of the company outlined at that time have been carried out and every department is going full tilt today.

In a former article we described the process of heating the metal and rolling it into bars and rods. This department has been increased in size and production is wonderfully increased. Two additions have been made to the plant, one for a gigantic bulldozer which breaks 8 inch steel billets into short lengths for the heating furnaces, and for the storage of these billets and hundreds of tanks of acetylene gas which is used in such quantities that it is bought in carload lots, and the other for electric apparatus and equipment.

The steel rolling mills are working to full capacity, on orders which practically insure their perpetual operation. The nickel mill is going full blast and shipments of nickel sheets of various lengths and sizes are being made. Nickel rods are also on the market and demand is under production. Nickel forgings are being made and many shipments have been made. The scope of the nickel rolling mill is amazing. One set on the working floor was 100 feet long and fifty inches wide. Another was a thin web of metal one inch wide, five inches long and one-thousandth of an inch thick. A new five ton steam hammer was forging a piece of pure metal weighing several hundred pounds and worth in its raw state, over \$1500.

A notable addition to the equipment is a fifteen-ton electric crane, which is being unloaded today, and another most convincing example of the commercial activity of the firm is the presence of over forty carloads of raw material on the tracks being unloaded, while shipping receipts showed forty more cars of raw material enroute to the mill.

The Nickel-Alloys Company, with its three hundred employees, its \$30,000 a month payroll and its bright future, is fast becoming Clearfield's major industry, and we believe that our people should know more

ACQUIRES PLANT AT TITAN METAL

Will Equip Two Plants To Produce Products of Titanium Metal

BELLEFONTE IS TO GET

The Progress learns on authority that a deal has been consummated whereby the Nickel-Alloys Company has obtained possession of the Bellefonte plant of the Titan Metal Company of Bellefonte, Pa. that this transaction will mean great things for Clearfield business.

The Nickel-Alloys plant at Clearfield has been a pioneer in the business of nickel casting and forging and has demonstrated to the metal trade the manufacturing world that there is a workable material in a great many branches of the sciences where hitherto it has not been used. The company is enlarging its plant and its production to take care of the present and future demand for its products. A finishing operation is being carried on to produce the finished products of the Clearfield plant.

In addition to the plant of the Nickel-Alloys Company, a well defined and established plant of the Titan Metal Company of Bellefonte will be placed under the hands of the Nickel-Alloys Company. This move will give the company a close touch with the business of the Clearfield plant and will be the first step in the operation of two plants as one.

The possibilities of such industries as these are tremendous. A pure, antiseptic metal can be used as a food container in place of tin and other alloys, and the process of the Nickel-Alloys company has been perfected to such an extent that they are now able to roll metal of a fineness of one one-thousandth of an inch thick, or of about the same thickness as tin foil. The demand for such a product will be great, and the supply which can be turned out and the entrance of the company into the business of the Clearfield plant will greatly increase the business of the company and the region.

It is regarded as a certainty that Bellefonte is to get the finished product of the Clearfield plant and there is a possibility that it will be located at Bellefonte. The location of the plant is not definitely known, but it is not definitely known that Clearfield was the ideal place to manufacture the rolled and forged metal. The fact that these two plants are making a bid for the new plant of the Nickel-Alloys company.

about it. From time to time we hope to keep our readers acquainted with developments at the mill.

CLEARFIELD'S INDUSTRIAL FUTURE

A few years ago Clearfield business men combined in the organization of a Chamber of Commerce, employed a paid secretary whose duty it was to circularize the whole nation on the advantages of Clearfield as an industrial centre, hundreds of dollars, perhaps thousands, was spent in postage and printing, the salary of the secretary was paid for two or three years, traveling expenses amounting to other hundreds of dollars were spent whenever it appeared that a manufacturing plant was being planned and wanted a location. Inducements were offered which brought some industries here, a couple of which have turned out fine.

All this was right and proper. Clearfield is better off for it. No criticism is to be made. Clearfield tried and tried hard.

Now we have no paid traveling secretary. No community publicity bureau. If we get any more foreign industries it will be because the promoter of them happened to be flying across here in an airplane and met with an accident which will thrust them upon us, at which time let us hope we will be able to wine and dine them and that they will not be too severely injured to glimpse what we believe is the greatest little burg in burgdom.

Recalling the memorable address of Doctor Conwell, "Acres of Diamonds", is it not possible and probable that we are overlooking the diamonds at our very doorstep. Here in Clearfield today we have a growig industry with the brightest possible future. A subsidiary or finishing plant with wonderful possibilities is to be built. So far as we know the Nickel-Alloys plant has not cost the community a penny but rather has been a contributor to the general prosperity we have enjoyed.

Cannot that finishing plan be located here? It is for Clearfield to find out. We can do no more than commend the opportunity to the earnest consideration of those who are in a position to talk business on the subject. It appears to us that with half the effort Clearfield made on other projects in the past and with only a small percentage of the cost of past endeavors Clearfield can land the finishing mill for its own. This is not a matter for snap judgment or prejudice. Permit us to suggest that the wheels of the Chamber of Commerce be put in motion to thoroughly investigate what looks like a diamond on the doorstep of Clearfield business.

HERE IS HOPING "BERNEY" IS RIGHT

WASHINGTON, Feb. 27.—The end of high prices is in sight, Bernard Baruch, former head of the War Industries Board told the House War Department expenditures committee today. "Only an act of God or some development such as the overthrow of the government and the establishment of some unwarranted substitute can prevent a drop in the cost of living," he said.

AMERICANS HELD BY BOLSHIEVIKI IN GOOD SHAPE

WASHINGTON, Feb. 27.—Edward Tharett, of Stockton, Cal., has arrived in Irkutsk with news of six other Americans who are being held by the Bolsheviki according to a dispatch from the Red Cross headquarters. Tharett was one of the men captured by the Reds but they permitted him to go through the lines with word that his companions were all being well treated. He drove 800 miles in a sled. Upon arriving at the Red Cross headquarters at Irkutsk he gave the following list of Americans who were held: Alex C. Tweet, of New York; Otto W. Lowe, of New York; Josep Mezil, of Colorado; Harry Connally, of Philadelphia; W. H. Ford, of Oklahoma, and H. N. Monroe from Maine.

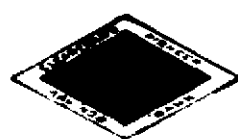

CHICAGO, Feb. 27.—The wets and drys were undecided today as to whether the Chicago City Council can force a referendum vote on prohibition in Illinois. The Council Judiciary committee went on record today favoring a prohibition referendum in the state. Only one vote in opposition was reported.

All Have Hard Trials

There are times when everything seems to go wrong.

It is then that our poise and equilibrium are severely tested and we need help from the outside.

At such times, a Savings account in The Clearfield Trust Company makes us feel that we can stand pretty hard trials as we have something to fall back on. Do you know what the feeling is?

The Clearfield Trust Co.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pain, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They all gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congested sinuses, rheumatism, lumbago, sprains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable. 30 and 60c jars; hospital size \$2.50

FORTUNE AWAITS ARGONNE DOUGHBOY

PHILADELPHIA, Feb. 27. (United Press)—A thousand dollars, a ticket to North Dakota and a pension await a "wandering doughboy in a tin-coat" at the local Red Cross headquarters.

The ebb tide of the army brought Joe Lenore to Philadelphia from a nearby demobilization camp. He registered at the Salvation Army Hotel and from there was taken to St. Agnes' Hospital for treatment of his wounds. He wore eleven wound stripes, had a croix de guerre, two citations and medals from the Spanish-American War.

When discharged from the hospital he collected compensation through the Red Cross, bought a fur coat, and disappeared without leaving an address. Since then his compensation under the Sweet bill has piled up a thousand dollars to his credit. As he is gradually becoming blind he is given double disability, permanent insurance privileges, and in addition, the Public Health Service has a free ticket for him to return to his home in North Dakota.

He is a veteran of the Argonne and Chateau-Thierry.

GAY OLD WAR FOR SOME FELLERS

KANSAS CITY, Feb. 27.—An international romance coupled with an American domestic drama was revealed today in proceedings brought before the Kansas City immigration authorities to deport Mile Madeline Babine, daughter of a Paris merchant. Other principals in the triangle are Lee Shippey, poet, author, editor and Chautauqua lecturer, and Mr. Mary Wood on Shippey, his wife, a magazine writer.

Shippey went to France during the war as a Y. M. C. A. secretary. He met and fell in love with the French girl. Last November Mile Babine arrived in Kansas City and explained to Shippey that she was about to become a mother.

Shippey asked his wife to obtain a

NAME "BAYER" ON GENUINE ASPIRIN

For Toothache, Neuralgia, Pain, Colds, Headache!

You want relief—quickly and safely. Then insist on "Bayer Tablets of Aspirin" stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physician for over eighteen years, and proved safe by millions of people.

For a few cents you can a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic Acid and of Salt. Made in Germany.

divorce in order that he might give the expected child a name. Miss Shippey refused but offered to care for the child as her own. Shippey would not agree to this and later left for California.

Testimony in the case has been forwarded with recommendations regarding deportation to the Department of Labor at Washington. Meanwhile Mile Babine is at liberty here.

NOTICE

The Hope Circle of the West Side M. E. church will meet at the home of Mrs. M. J. Bowes on Nichols street, this evening at 7:30.

Over-Enthusiastic.

Once in a while you meet a friend who is so glad of a chance to help you out of trouble that he is almost willing to help you into some for the sake of showing you.

A Prominent Nurse Testifies

Lewistown, Pa.—"I was all broken down in health, suffered from a displacement. One of my friends came to see me and advised me to commence taking Dr. Pierce's Favorite Prescription. I began and also used the 'Golden Medical Discovery' and the 'Pleasant Pellets.' I have been a midwife for several years and always recommended the 'Favorite Prescription' to every woman to take during pregnancy and afterward, and they all get along so nicely. It surely is a God-send to suffering women. It also carried me through the critical time of life and I had no trouble or distress whatever. I keep it constantly in the house and will not be without it."

MRS. JENNIE RINKER.

When a woman becomes a mother, when a woman passes through the changes of middle life, are the periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth. Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. It is not a secret remedy because its ingredients are printed on wrapper.

All druggists. [Liquid or tablets. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for large trial package.]

OBSTINATE COUGHS

When resistance is lowered and you come down with a cold that runs into an obstinate cough, your trouble is more than surface deep. You need

SCOTT'S EMULSION

an easily absorbed tonic-nutrient, mixed with your blood to nourish and enable you to get a fresh hold on strength.

For nearly fifty years Scott's has been helping break up colds by building up strength. Try it!

The exclusive grade of cod-liver oil used in Scott's Emulsion is the highest "A & B" Process, made in Norway and colored in our own Analytical Laboratory. It is a guarantee of purity and palatability unsurpassed.

C. C. A. A. News

A fourth meeting of the C. C. A. A. (Clearfield County Athletic Association) was held last evening which was probably the most interesting meeting yet held. About forty red-blooded sports were present and with only two or three exceptions they walked up to the secretary's desk and made the payment of five dollars which entitled them to a voice in the proceedings. Promptly at eight o'clock Temporary President M. L. Farrell called the meeting to order and the secretary read the minutes of the previous meeting which were approved as read, whereupon the president announced the purpose of this meeting as that of electing officers for the ensuing year. Nominations for president being in order, M. L. Farrell and G. A. Stewart were placed in nomination but both men declined owing to their desire to have the affairs conducted by men having a wider and broader athletic experience and having other qualifications which would insure the ultimate success and strength of the association. The discussion on the purpose of the organization and the type of man wanted for president was led by G. A. Stewart and before the close of the meeting practically every member joined in the discussion. First, and help put the association where the association wants a big man for it ought to be.

its president and will back him up to the last ditch. Second, the association wants a practical, hard headed executive. Third, the association wants someone with athletic experience and who is a tried and true sportsman. Fourth, the association wants a president who can give freely of his time to look after its affairs. In short, the association is looking for the right man and hopes to find him before the president is finally selected and rather than make a mistake about it the election will no doubt be deferred from time to time. After a full discussion of the question a motion prevailed that the temporary officers hold office until a postponed election is held in two weeks, that meanwhile every member engage in boosting the association and explaining its purpose.

The C. C. A. A. is built on a solid foundation. Its affairs, under its constitution will be so conducted that no activity can be carried on unless passed upon by the Standing Committee of five men. The C. C. A. A. is just what the sportsmen of Clearfield have been asking for and every sportsman is asked to give it his consideration.

Its permanent officers are not yet selected. Become a member at once and help put the association where

RHEUMATIC PAIN Rub It Right Out—Try This!

Rheumatism is "pain only."

Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away. Rub soothing, penetrating "St. Jacobs Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism cure which never disappoints and does not blister.

Linger up! Quit complaining! Get a small trial bottle of old time "St. Jacobs Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief and a cure awaits you. Get it! "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago backache, sprains and swellings.

BUSINESS OPPORTUNITY

Want man about 25, experienced in selling and willing to locate in or near Philipsburg, can connect with large manufacturing company whose goods are nationally advertised. This is a permanent position and offers opportunity to right party. Salary basis only. State age, experience, salary expected, education and when available in first letter. Address letter to O. S. care of Clearfield Progress.

HOUSE OF LORDS IS FULL. S. R. O. SIGN TO BE HUNG OUT

LONDON, Feb. 19—(By Mail)—If the creation of new Peers continues apace the way it is doing now, the House of Lords will soon be putting the showman's sign outside—"S. R. O."

Unless some sort of reform is proceeded with soon, the housing question at Westminster will be a serious one as it is in all other parts of the country.

As many as twenty-four names have been added to the roll since New Year's Day.

Peers in their own right are not to be admitted to the sacred precincts until the whole House of Lords has been reconstructed and reorganized. They may stand for election to the House of Commons, but as a matter of fact the benches in the elected house are already unpleasantly crowded—and frequently when an important debate is announced the members overflow to the galleries, where they are precluded from speaking.

If ever the absentee Sinn Feiners change their minds and turn up to "take their seat" in Commons, the Tommy-make-room-for-your-uncle injunction is likely to prove somewhat of a problem.

WANTS TO LOCATE MOTHER

Yesterday's Philadelphia Press contained the following appeal, and in order to assist in her attempt to find her mother, we give it space in the Progress:

To the Editor of "The Press,"
Sir—I am a reader of "The Press Forum" and would be very thankful if you would print the following in "The Forum."

I have not seen my mother since the year 1888 through separation and divorce of mother and father. I thought by inserting this notice in "The Press" that she may see this and in some way communicate with me.

Her name before divorce was Mrs. Matthew Montgomery, and after they separated she resided in Clearfield, Pa. I hope if she, or anyone who

PROHIBITION A MINT FOR MINT GROWERS OF N. Y.

LYONS, N. Y., Feb. 27—When John Barleycorn passed on, friends predicted an early demise for one of his chief lieutenants, mint for the Julep. Recent developments here not only have assured the ingredient will not die, but a fair degree of prosperity is promised him for his declining years.

Since 1814 the country surrounding Lyons has been plentifully planted in mint, but when the prices were low farmers declined to cultivate the plant systematically. Now that prices for peppermint oil have advanced to above \$8 a pound, however, concerted efforts are being exerted to produce mint in large quantities.

Contracts recently were let for erection of two large distilleries and farmers have announced they intend to devote many more acres than ever before to raising mint.

STOCK OPENINGS

NEW YORK, Feb. 27—The stock market opened strong today. For the first time in many days there was a decided upward trend of the whole list and the first sales were made at high prices. United States Steel opened at 94 1/4 up 1/8. Mexican Petroleum at 172 3/4 up 2. Crucible at 106 1/2 up 1/4. Studebaker at 82 3/8 up 7/8. United States Rubber at 95 5/8 up 5/8, and Bethlehem B. at 84 up 5/8.

COURT NOTES

Barbara Peters, by her attorneys Chase & Chase, began proceedings in the Prothonotary's office yesterday to secure a divorce from William Peters whom she married August 5, 1919, and who deserted her February 28, 1918, after treating her cruelly and barbarously during about all of their married life.

She knows anything concerning her whereabouts by chance sees this, will please communicate with me, her daughter.

MISS KATIE MONTGOMERY,
1228 North Front St., Harrisburg, Pa., Feb. 19, 1920.

PE-RU-NA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stepping to rest. Now I do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

Her Grandma
Used Sage Tea
To Darken
Her Hair.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

YOU pay about double what you did before the war—don't you?

Telephone supplies cost about double, too.

We can't make ends meet, because—

Telephone rates are just what they were before the war.

The service cannot be kept up if the rates are not made adequate.

It's your service.

INSTRUCTORS ARE NEEDED IN ARMY GAMES AND SPORTS

WASHINGTON, Feb. 27. (United Press.)—Plans for the establishment of a school at Camp Benning, Georgia, to turn out army physical instructors, have been completed today by the War Department.

Five officers from each department of the army will be detailed to the school for instruction in physical training and athletics. At the end of the course, each officer will return to his post equipped with the knowledge and training requisite for an instructor in athletics. The instructor personnel at the Camp Benning School will be made up of physical training specialists.

Besides the athletic program, instructions will be given at Camp Benning in such activities as hand-to-hand fighting. The instructions planned by the army will make every soldier fit to meet the severe modern warfare requirements of body control, agility, strength and endurance, it is believed.

The organization of a school for army chaplains at Camp Sherman, Chillicothe, Ohio, now is being worked out by the War Plans Division at the War Department, also.

STATE COLLEGE TO PUBLISH ITS OWN DAILY PAPER

STATE COLLEGE, Pa., Feb. 27.—

There is a movement on foot among a number of interested students at the Pennsylvania State College for the establishing of a daily newspaper carrying wire news for the benefit of the students and townspeople, isolated by several hours from the late news dispatches. For sixteen years students have published a weekly newspaper restricted only to student and college affairs. This expansion to a daily issue has been agitated for a number of years, but with improved mechanical and wire service in sight, expectations in this feature may soon materialize. Financial and organizational plans are now being considered.

A daily bulletin made its appearance last fall as a forerunner of the idea, and with its great success the development of the daily newspaper has taken big strides. The present weekly publication consists of six pages, and those in charge believe that the great growth of the college during the past few years has been such that a daily paper is demanded and can eventually be supplied.

NEW BETHLEHEM PROTESTS

A protest has been entered by New Bethlehem high school against the ruling of Referee Ed Harris in a recent game played by the New Bethlehem boys in Clearfield. The New Bethlehem contention is that Harris allowed two field goals to count which actually should not have counted inasmuch as they hit and rolled along the edge of the back board before dropping through the basket. A protest was lodged by Captain Markle at the time, but he states that Harris refused to listen to him. The final score was in Clearfield's favor, by a margin of two field goals. The protest filed by New Bethlehem is now in the hands of Prof. P. S. Jackson, the league president.

ST. ANDREWS CHURCH

There will be a sermon tonight at 7:30 p. m., the preacher being the Rev. M. DeP. Maynard, of Bellefonte. The public is cordially invited to attend.

START TOMORROW AND KEEP IT UP EVERY MORNING

Get into the habit of drinking a glass of hot water before breakfast.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles according to hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated each day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood, causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and a sort of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at any drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

NOTICE WEST SIDE M. E. CHOR

There will be a short half hour rehearsal tonight starting promptly at 7 o'clock. Please be present.

Easter Bazaar

Miss Maude Powell's class of the Trinity Sunday School will hold an Easter Bazaar at a time and place to be later announced. Watch for the announcement.

LEW CODY

The Beloved Cheater

TO CLEARFIELD THEATRE PATRONS:

I have booked some of the best film productions that are procurable for towns of this size. It will be my endeavor to furnish you with the best—always—that film production. The Liberty Theatre is the safest, most sanitary, best ventilated screen theatre in the section—a place where you may send your children with a feeling of perfect safety.

Pictures that will please all sorts of folks in every walk of life will be shown. Perfect order will be maintained and an atmosphere of hominess and coziness will be cultivated from the very first performance.

FRED J. THOMPSON, Proprietor

"Let's top it off with a good smoke" — Chesterfield

NOTHING touches the spot like a good smoke—and nothing can touch Chesterfields for genuinely "satisfying" body and flavor.

In Chesterfields the finest of silky, aromatic Turkish and of rich, mellow Domestic tobaccos are blended to bring out a new and fuller flavor.

Now you know why Chesterfields "satisfy"—and because this blend is exclusive and cannot be copied, only Chesterfields can "satisfy"

Each package is wrapped in moisture-proof, glassine paper* that keeps all of the original flavor intact.

*About that moisture-proof wrapper, it keeps Chesterfields from ever becoming too moist or too dry.

Liggett & McCarty Co.

NEWS OF OUR NEIGHBORS

WOODLAND

Justice of the Peace Owen Duffey is recovering from a severe attack of the flu but is not able to be out of doors yet.

M. M. Overly of Clearfield, attended the funeral of the late Robert Mitchell on Wednesday morning.

Dorsey Albert, who has been attending an electrical school in New York City, has completed his course and is spending a few days with the home folks. He expects to leave this week for Pittsburg, where he has accepted a position in the Westinghouse Electrical works.

The flu conditions have not improved as yet, there being many people ill in and around town. The doctors are having considerable trouble to reach the patients in the rural districts on account of the roads.

Mr. and Mrs. George Cole, of Jefferson county, visited relatives here during the week.

Mr. and Mrs. Ashley Mitchell, of Bellwood, were here to attend the funeral of the former's brother, Robert Mitchell, who died last Sunday evening and was buried Wednesday morning.

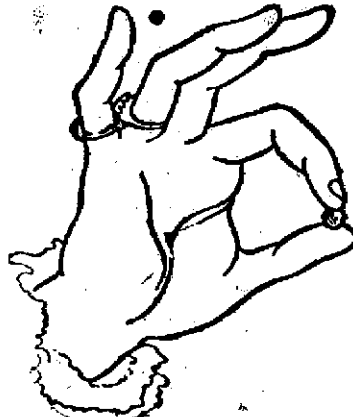

Mrs. Samuel Stevens, of Bigler, was a guest at the home of J. M. Baker on Thursday.

A few days ago Samuel N. Stevens, of Bigler, received through the mail a beautifully engraved memorial from the French government to the memory of his son who died of pneumonia, October 26, 1918, while in the service of his country, inscribed as follows:

To the memory of
Thomas L. Stevens
Private Co. K 319 Inf. U. S. A.
Who died for Liberty during The Great War
The Homage of France
The President of the Republic
R. POINCARÉ
They also received from the Red Cross a photograph of the son's grave in the American plot of the French cemetery at Fleury-Saure, Meuse, France.

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off—Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it all, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

Y. M. C. A. NOTES

Secretary Grathus left today for the fifty-first annual Y. M. C. A. convention, which will be held at Williamsport.

On Monday evening at seven o'clock the public is cordially invited to a free illustrated talk on the Rock of Gibraltar.

Several boys have received free membership tickets at the association as gifts or presents from the generous directors and business men. Some of the ladies of our city have paid for free tuition for a number of school girls whose class meets on Tuesdays after school and Saturday at 3 o'clock.

DEMOCRATS VOTE TO PASS LODGE RESERVATIONS

WASHINGTON, Feb. 26 — The Lodge reservation to the peace treaty which prohibits the acceptance by the United States of a mandate over any other nation without an affirmative act of congress this afternoon was adopted by the senate as a part of the resolution of ratification by the vote of 69 to 4.

There was a veritable landslide of Democratic votes to the support of the reservation, there being 30 Democrats and 38 Republicans on the majority side.

Senator Hitchcock, the Democratic leader was present, but abstained from voting.

The reservation adopted is as follows:

"No mandate shall be accepted by the United States under Article 22, Part One, or any other provision of the treaty of peace with Germany, except by action of the congress of the United States."

This is the second reservation adopted thus far by the senate in the renewed struggle for ratification, the reservation on withdrawal from the league having been adopted last week.

The willingness of so many Democrats to vote for the Lodge reservations occasioned little surprise in view of the position taken by a number of the administration men that they should make every possible concession in order to bring about ratification. When the same reservation was voted upon last November it was passed by the vote of 43 to 33, and only four Democrats voted for it.

A speech by Senator Reed condemning the treaty and the league of nations covenant was the feature of the day's session. Senator Reed denounced the covenant, and declared that none of its supporters can point to a single thing that the league can do for America.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full or sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

HYDE CITY WOMAN DIES

Mrs. Oris M. Haag, of Hyde City,
died at the Clearfield Hospital on
Wednesday, February 26th, aged 25
years. The deceased had been a suf-
ferer from Bright's disease for some
time.

Mrs. Haag resided in Grampian up
until about one year ago. When her
health began to fail she came to the
home of her parents, Mr. and Mrs.
William A. Teats, at Hyde. She con-
tinued to fail and was taken to the
Hospital for treatment. The disease
had advanced beyond all hope of med-
ical aid and death at the time stated
was the result.

She is survived by her husband
and two small children. In addition
to her parents.

The funeral will be held from the
Teats home at Hyde on Saturday
afternoon at 2 o'clock. Interment in
Centric cemetery.

C. H. S. NOTES

Miss Helen Johnston is ill at her
home on Nichols street.

Miss Emma Levegood, the Latin
teacher in High School, is ill at her
home.

Miss Mary Zimmerman is ill at her
home with the scarlet fever.

Miss Caroline DeHaas, who has
been sick, returned to school this
week.

Section One of the Freshman Class
served a dinner in the dining room of
the High School Tuesday evening, to
the Directors and their wives. Miss
Althea Carr and Miss Beatrice Mc-
Dowell headed the Arrangements
Committee.

Several of the school boys and girls
attended the Sunday School Con-
vention Thursday.

Mr. Ventres, one of the teachers of
High School, returned to school after
a short illness.

The basket-ball game this evening
was the last home game of the league
season.

The Senior Class Party was held
last evening. Everyone had a good
time.

Miss Martha Ames and Miss Sara
Hunter, of Iriona, attended the Older
Boys' and Girls' Conference held here
yesterday.

Gossip for Tonight's Tea Table

Miss Grace McClure, of Grampian,
was calling on friends here last even-
ing.

Mrs. Scott W. Norris attended the
funeral of the late John Norris at
Curwensville yesterday.

Sanford Thompson, of Akron, Ohio,
is visiting his father, Frank Thomp-
son on Martin street.

Mrs. Claude Risher and family left
Wednesday to join her husband at
Barberton, Ohio, where they will
make their future home.

The friends of Mrs. James Spence,
of Cherry street, surprised her by
"dropping in" to remind her that it
was her birthday. The evening was
enjoyed by all. Delicious refresh-
ments were served.

Miss Ada Smith was called to her
home in Glen Richey on account of
the death of her brother.

Miss Martha Nolf and Miss Sara
Moot, of DuBois, are visiting friends
and relatives in town.

Mr. and Mrs. T. J. Norris attended
the funeral of the late John H. Nor-
ris at Curwensville yesterday.

Redge Heller, of Lock Haven, was
transacting business in town today.

Mrs. Alex Kreher entertained a
few of her friends at her home on
Second street last evening.

Miss Lillian Moore, who has been
quite ill at her home on West Pine
street, is much improved.

Miss Josephine Hepburn and Miss
Charlotte Walizer, of Grampian, at-
tended the Older Boys' and Girls'
Conference held here yesterday.

Mrs. John Gearhart entertained a
few of her friends at her home on
Turnpike avenue last evening.

Miss Mary Shirey left this morn-
ing to spend a few days with rela-
tives in Philipsburg.

Mrs. Thomas Read, of Grampian,
spent yesterday shopping in town.

Mr. and Mrs. Howard Milligan en-
tertained at a delightful "drop-in"
last evening at their home on Dorey
street. The amusements for the even-
ing were principally dancing and card
playing. A delicious lunch was serv-
ed, after which the young folks de-
parted merrily.

Frank Howe and son, of Morris-
dale, were Clearfield visitors yester-
day.

HUSBAND 84 ALLEGES WIFE 80 HAS MANY MALE AFFINITIES

SAN FRANCISCO, Feb. 27.—Judge
E. A. Crothers is to give his decision
today in the divorce suit of Mr. and
Mrs. Mathias Becker.

Becker is 84. His wife is younger.
She's only 80.

The husband declared in court his
octogenarian spouse has two affinities.
"My wife is crazy," he testified,
"crazy about men. I have always
been to watch her. I've moved from
one city to another to get her away
from her affinities."

Mrs. Becker denied the "affinity"
accusation.

TENDED FAREWELL RECEPTION

About forty of the friends of Mr.
and Mrs. J. M. Switzer dropped in at
their home on Fourth street last eve-
ning, to tender these good people a
farewell reception. The evening was
delightfully spent in playing cards
and chattering, and everybody en-
joyed themselves immensely. Delic-
ious refreshments added to the sat-
isfying climax.

Mr. and Mrs. Switzer expect to re-
move their family to Indiana next
week, where they will reside perman-
ently. Their host of warm friends
and neighbors wish them every suc-
cess in their new home, while regret-
ting very much their leaving Clear-
field.

The Hat and Religion.

Jews wear their hats in the syna-
gogues. The Friends also sit covered
during the offering of prayers. For-
merly the custom in the Church of
England was for men to sit covered
during the sermon. When Richard
Cox, bishop of Ely, died in 1581 the
congregation sitting in the choir to
hear the sermon covered their heads.

A. W. LEONARDSON COMPANY

DEMAND IS GROWING FOR TRAINED MEN AS AGRICULTURALISTS

Demand for men trained in agri-
culture is greater than ever before in
the history of the state, according to
department heads in the School of
Agriculture at the Pennsylvania
State College, who are daily receiv-
ing requests for graduate and post-
graduate students qualified in special
branches of scientific farming. These
inquiries are of all kinds, from farm
partnership offers to positions in ex-
perimental research. Teachers, gener-
al farmers, stockmen, gardeners,
dairymen, fruit specialists and num-
erous others are wanted. Fertilizer
companies as well as meat packing
houses and breakfast-food establish-
ments call for men trained in chemi-
cal agriculture. Dairy manufacture
offers a large field. Where in former
years similar requests reached the
college singly or in pairs, they are
now coming by the dozen. The stu-
dents who graduated here at the end
of the first semester, instead of hunt-
ing their own jobs had several offers
from which to choose.

This impetus is explained in part
by the increased interest in the in-
dustry of food production during the
last two or three years, but is prob-
ably due more to a growing realiza-
tion of the efficiency of scientific
farming. The hope of greater profits
by the application of better methods
appeals to all who are interested in
improving their business. The appli-
cation of scientific principles to farm-
ing and allied interests tends to in-
crease the efficiency of food produc-
tion. This benefits producer and con-
sumer alike and is a fundamental
factor in national prosperity. This
fact creates a want in the economic
life of today for college graduates in
agriculture. That the college course
alone is not enough to satisfy this
want is realized by the faculty at
Penn State, who believe it must be
supplemented by certain natural qual-
ifications of ability and integrity.

WILL IT EVER ARRIVE?

Spring seems to be a very long
time coming, but if the feathered
prophets are anything to go by, it
will not be long delayed and we may
look forward to the ground-hog re-
deeming his reputation as a prognos-
ticator, at least in part, before March
is very far advanced. In the last few
days crows driven well into the bor-
oughs in this part of the State have
also invaded tracks within a mile of
the State Capital on a hunt for gar-
bage and quail that have flown into
parks and gardens on the outskirts
of Harrisburg and Steelton have
been joined by squads of blackbirds.
Ordinarily blackbirds do not appear
in any number until the windy month

is well on the way, but the birds, in
woods, Reservoir and Chambers
have been visited by some. Many
bands of these birds flock from the
rice fields.

One reason assigned is that it has
been cold down south and the birds
probably figured that they might as
well come north. In any event, they
have been going over the fields where
stalks of last year's crops remain and
seem right glad to find food. These
have also been some reports of com-
ing expeditions by wrens and one
young pair was seen building up
along the river during some hours of
intermittent sunlight, a day or so ago.
It has also been reported by a bird-
ding and very observant young natural-
ist that a downy woodpecker has
been seen on the West Branch, an in-
teresting fact because this bird does
not ordinarily show up until condi-
tions are settled. Robins have been
seen in Capitol Park and were seen
one flock of geese have been reported
in the lower reaches of the Susquehanna.
Harrisburg Telegraph.
